A junior practice resume

Fictional practice example · Actual Resume Builder

Sample Candidate

JUNIOR SMART CONTRACT DEVELOPER

candidate@example.com

Summary

Practice resume example: Built a local escrow demo and wrote Foundry tests for unauthorized and repeat withdrawals.

Fill the actual project fields

Fictional practice example · Actual Resume Builder

Key Projects & Portfolio

Sample Escrow Demo | *Personal practice project*

Example wording: Implemented deposit and withdrawal functions in Solidity. Wrote Foundry tests showing unauthorized callers and repeat withdrawals revert.

Name the failure cases

Fictional practice example · Actual Resume Builder

Key Projects & Portfolio

Sample Escrow Demo | *Personal practice project*

Example wording: Implemented deposit and withdrawal functions in Solidity. Wrote Foundry tests showing unauthorized callers and repeat withdrawals revert.

Example assertions, not real test results.

A project link should open the described work

Fictional practice example · Actual Resume Builder

Link to project/contribution

Proposed README

Run forge test. Unauthorized callers and repeat withdrawals revert.

This fictional sample has no repository.

Use the two skills fields

Fictional practice example · Actual Resume Builder

Skills

Technical Skills

Solidity, Foundry

General Skills

Git, README writing

Example skills entries: Technical Skills = Solidity, Foundry. General Skills = Git, README writing. The builder has separate text boxes for both; a listed tool should match something visible in the project.
